

# Group Contingency

## Worksheet

Apply three GC practices to real classroom examples.

### **Interdependence**

Everyone in the whole group must meet the same standard for the group to succeed.

My Example:

Example: Everyone must write three paragraphs for an essay in order for the whole group to receive a specific reinforcement.

### **Dependance**

Only targeted student(s) in a group must meet a specific standard for the group to succeed.

My Example:

Example: David must write three paragraphs for an essay, irrespective of what other students complete or do not complete, in order for the whole group to receive a specific reinforcement.

### **Independence**

Every student must meet an independent standard assigned to them for the group to succeed.

My Example:

Example: David must write three paragraphs for an essay, Maria two, and Tyson five, in order for the whole group to receive a specific reinforcement.

This is part of the Group Contingency chapter of *PBIS Tier 3 Manual*, available from Amazon, Apple Books, or <https://www.koi-education.com/books>.
