

# Peer Tutoring

## Worksheet

Consider where to apply three different Peer Tutoring practices to real classrooms.

### **Standard Peer Tutoring**

Pairs of students work together to teach or review a skill. Consider a target student whose behavior would match this specific intervention. Describe how this could be implemented.

Apply Intervention:

### **Cross-Age Peer Tutoring**

Pairs of older/younger students work together to teach or review a skill. Consider a target student (the older or younger student) whose behavior would match this specific intervention. Describe how this could be implemented.

Apply Intervention:

### **Class-Wide Peer Tutoring**

Dyads or triads of students work together to teach or review a skill, taking turns with the role of tutor/tutee. Consider a target student whose behavior would match this specific intervention. Describe how this could be implemented.

Apply Intervention:
