

PBIS CLIMATE SURVEY: PARENT VERSION

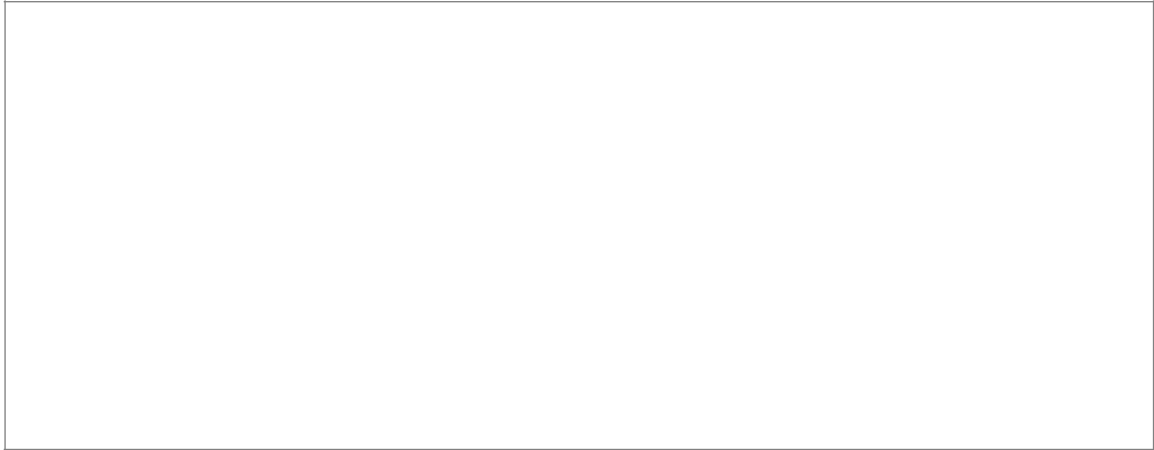

This is a survey about how you feel about our school. The research information will be used by our staff to improve the safety and climate of our campus. This survey is anonymous and you will not be able to be identified. Your score will be added with the scores of other parents to see how all parents, as a group, feel about the school. This survey is voluntary and you can withdraw at any time without penalty, however this will not give us a true picture of our school climate. This survey is three pages and should take 5 minutes to complete.

For more information about this survey please contact the site administrator.
