

Targeted Intervention Implementation Feature Checklist ISSET Evaluation Question E1.

1. Use this checklist to answer the evaluation question in E1:

Does the most commonly used targeted intervention include 80% of implementation features as defined on the Targeted Intervention Implementation Feature checklist?

2. Using the definition below, ask the behavior support team leader what targeted interventions exist at the school and which one is the most commonly used targeted intervention. List the targeted interventions identified by the team leader and score each one below. Use the most commonly used targeted intervention to score ISSET question E1.

Targeted Intervention Defined: A targeted intervention is an intervention designed for students who are not responding to universal interventions. These interventions are implemented in a similar manner for all students receiving it. These students typically need additional social, academic, and/or organizational support.
