

Positive Bus Safety System (PBSS)

E D U C A T I O N

Knowledge. Outcomes. Impact.

Why PBSS?

Bus behavior data from across the nation shows that many students are disciplined for preventable disruptions and disrespect of staff and peers. When these behaviors occur, they can interfere with bus safety and lead to more serious problems. Support all students to be successful bus riders by providing transportation staff training in PBSS.

What is PBSS?

Safe buses and rides begin and end with adults. All transportation staff learn to implement a system with three main components:

Expectations → Reinforcement → Accountability

How is PBSS taught to staff?

KOI Education provides a customized, culturally responsive training for your transportation staff. We train and support a leadership team and all staff through rollout and beyond with ongoing coaching and system evaluation. Training requires 2-days with transportation team for customization and 4-hrs with drivers and monitors.

To schedule your training email KOI at: info@koi-education.com or call 480-420-6564

PBSS Trainer[®] Online Course

Description:

This Positive Bus Safety System (PBSS) Trainer course will prepare district personnel to assist a Transportation Leadership team to customize a Tier 1 PBIS System for the school bus and to train their bus drivers and monitors to implement it with fidelity. The curriculum includes slides, handouts, and over a dozen templates that can be customized by the Trainer for their school district. Material can be used for annual refresher training.

Prerequisites:

This is not an entry-level course in PBIS. The following prerequisites are strongly recommended:

- Experience implementing Tier 1 PBIS interventions as part of a school team for one or more years
- Certified PBIS Tier 1 Trainer | Leader | Coach (PBIS TLC Institute)
- Knowledge and background in PBIS, MTSS, behavior analysis, and/or interventions
- Professional development training skills and coaching disposition

Includes:

- License to use KOI Education's PBSS Trainer curriculum and customize PBSS material for use in district
- PBSS Trainer online course and facilitator guide
- Access to online trainer videos, slides, handouts, templates, and editable documents
- Certificate for professional development contact hours
