Introduction

May 27, 2011

Dear Longley Lions:

My thanks to Susan Jarmuz-Smith and the RTI-B team members, Cheryl Robert, Scott Emery, Cheri Forrest, Kristin Hobbs, Sally Smith, Kelly Fernald, Mary Auger, Dan Vachon, and Rilwan Osman, for all the work that went into creating this handbook. Getting all the pieces of PBIS Tier 1 in place was a process that took a great deal of work all school year. It is because of you and your diligence that Longley is ready for full implementation in the fall.

The positive approach of PBIS ensures that our students will be taught the behaviors we expect. They will be rewarded when they succeed and corrected when they make mistakes. I expect all staff at Longley to take the responsibility of learning and using the techniques in this document. It is up to us to make our school a safe and respectful learning den.

Roar with Pride,
Linda St. Andre
Principal

Longley Lions:

This manual is for all teachers and staff at Longley Elementary School. Its goal is to explain the school-wide positive behavioral interventions and support (PBIS) plan at Longley. This is a living document, meaning that it should be updated as needed.

During the 2010-2011 school year, the RTI-B Team worked diligently to devise a universal (Tier 1) system of supports for all students in the school. These supports include clearly defined behavioral expectations, teaching these expectations to students, acknowledging appropriate behavior, and correcting inappropriate behavior. Once this system is in place and functioning, the RTI-B Team will evaluate which non-classroom areas or specific behaviors that require additional support and teaching.

For a school-wide system to work effectively, it is important that each staff member reads and understands this manual of support. Questions can be directed to the RTI-B Team or the PBIS Coach (this manual contains a listing of the personnel).

With respect,
Your PBIS Coach
What is School-wide PBIS?

**Definition**

School-wide positive behavior intervention and supports (SW-PBIS) is a system of tools and strategies for defining, teaching, acknowledging appropriate behavior, and correcting inappropriate behavior. It is a framework for creating customized school systems that support student outcomes and academic success. SW-PBIS is for the whole school, it is preventative, and it changes the paradigm of focus from negative behaviors and exchanges to positive expectations and interactions.

There are four main elements in SW-PBIS:

- Customized practices to support student behavior, such as defining and teaching appropriate behavior
- Systems of support for educators in the school; such as school-wide behavioral expectations, indicators, and coaching
- Data-based decision making, which is the cornerstone of the behavior problem-solving process
- And, the combination of these to enable school-wide outcomes, which promote social proficiency and academic success
Multi-tier support

School-wide means that educators support appropriate behavior in classroom and non-classroom (bathrooms, assemblies, hallways) areas. This support happens along a continuum from Tier 1 for all students and Tier 2 for a small group of students to Tier 3 for individual students. The goal is to create an environment that sets up ALL students for success.

An important aspect of SW-PBIS is the understanding that appropriate behavior and social competence is a skill that requires direct teaching to students just like math and reading. There is no assumption, in SW-PBIS, that students will learn social behavior automatically or pick it up as they go through life. This critical feature in SW-PBIS leads to its effectiveness.

Behavioral Expectations

**Behavioral expectations:** The Lewiston School District has three behavioral expectations for all schools: Be Safe, Be Respectful, Be Responsible.

**Behavior matrix:** A matrix with settings, events, or classroom routines along the top with the behavioral expectations in the left column. Each matrix junction (box) contains the behavior indicators, or what the behavior expectation looks like in that particular setting or event.

**Behavior indicators:** What the behavioral expectations look like in a particular school-wide setting, event, or classroom routine.

**Procedures:** Specific ways for students to complete tasks. An example of this is how to behave responsibly during transitions: 1. Clean up your area, 2. Stand and push in your chair, 3. Eyes are on me.

Lesson Plans

The following pages include all the lesson plan for behavior that is Safe, Respectful, and Responsible in non-classroom areas and events.
Being Safe Lesson Plan - Longley Elementary School

Setting: Hallway

Skill and Critical Behavior Indicator: How to be safe in the hallway

“Today we are going to talk about ways to be safe in the hallway. What are some ways to be safe?”

Shape student responses into observable behaviors (e.g. if they say to be nice, ask for examples of being nice that equate to observable skills such as asking someone to play, taking turns…)

Today we are going to focus on:

<table>
<thead>
<tr>
<th>Appropriate hallway behavior:</th>
<th>Inappropriate hallway behavior:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Using the rails for support</td>
<td>• Swinging on the rails, twirling on the rails, hanging on the rails</td>
</tr>
<tr>
<td>• Walking</td>
<td>• Running, skipping, walking backward</td>
</tr>
<tr>
<td>• Stay to the right (right is right)</td>
<td>• Walking to the left or the middle</td>
</tr>
<tr>
<td>• Stay in personal space</td>
<td>• Touching, getting in another’s face, pushing, tripping</td>
</tr>
</tbody>
</table>

Check for understanding:

(Three positive examples for every one negative example. Be sure to end with two positive examples.)
For example, it should sound like this:

• Is it okay to walk in the hallway?
• Is it okay to walk on the left?
• Is it okay to use rails for support? (Or, how do we use the rails? [for older students])
• Is it okay to keep your hands and feet to yourself?

(You can do unison response or individual turns or a combination there of. It’s important to use your professional judgment about the level of difficulty and differentiation of the questions to gain a sense of student understanding.)

Demonstrate and Role Play:

Demonstrations: I am going to show you some ways of being safe and some ways of being unsafe in the hallway. I want you to watch and tell if I am being safe or unsafe. Then you will get a turn to demonstrate as well (students only demonstrate appropriate behavior).

Role Plays: Inappropriate and unsafe hallway behavior; appropriate and safe hallway behavior

Assignments:

Review the key behaviors periodically throughout the year. It is not necessary to list every behavior or role-play each situation every time. Use your professional judgment in deciding how many examples are covered in one sitting.
Being Respectful Lesson Plan - Longley Elementary School

Setting: Hallway

Skill and Critical Behavior Indicator: How to be respectful in the hallway

“Today we are going to talk about ways to be respectful in the hallway. What are some ways to be respectful?”

Shape student responses into observable behaviors (e.g. if they say to be nice, ask for examples of being nice that equate to observable skills such as asking someone to play, taking turns…)

- Is it okay to s’up nod? (Or, how do we acknowledge friends in a respectful and silent way? [for older students])
- Is it okay to whisper in the hallway?
- Is it okay to be carrying your hat?

(You can do unison response or individual turns or a combination there of. It’s important to use your professional judgment about the level of difficulty and differentiation of the questions to gain a sense of student understanding.)

System for Acknowledging Behavior

At the individual student level:

- Adults in the building acknowledge appropriate student behavior with *Proof of Pride (POP) Cards* and/or positive, specific verbal praise
- Left half of the card goes to the student and home
- Right half of the card goes to the classroom raffle box

At the classroom level:

- At the end of each week, teachers draw two (2) POP Cards from the classroom raffle box
- The two (2) students whose POP Cards are drawn from the box receive a *PAWsome Award* (see Appendix for award certificate)
- Winners go to the office to choose one thing from the Menu of Rewards
- After the raffle, all POP Cards (the left hand sides) go from the classroom raffles boxes to the office for recording and then into an office raffle box for the school-wide monthly PBIS assembly drawings

At the grade level:

- At the monthly school-wide PBIS assembly, the grade with the greatest number of POP Cards receives the *Pride Award* (see Appendix for award certificate)
- The winners of the Pride Award get an ice cream or pizza party
- The RTI-B Team could have a display on one wall of the school to show how many POP Cards each grade-level has earned

At the school level:

- At the monthly school-wide PBIS assembly, ten (10) POP Cards will be drawn from the office raffle box
- The ten (10) students whose POP Cards are drawn from the box will receive the *Lion Award* (see Appendix for award certificate)
- Award winners go to the office to choose one thing from the Special Menu of Rewards

System for Correcting Behavior

Correction Guidelines

Adult behavior when providing corrections is:

- Calm
- Consistent
- Brief
- Immediate
- Respectful

The continuum of strategies to respond to inappropriate behavior:

<table>
<thead>
<tr>
<th>Correction Technique</th>
<th>Words/actions an adult can use</th>
</tr>
</thead>
<tbody>
<tr>
<td>Prompt</td>
<td>Provide verbal and/or visual cue.</td>
</tr>
<tr>
<td>Redirect</td>
<td>Restate the matrix behavior.</td>
</tr>
<tr>
<td>Reteach</td>
<td>State and demonstrate the matrix behavior. Have student demonstrate. Provide immediate feedback.</td>
</tr>
<tr>
<td>Provide Choice</td>
<td>Give choice to accomplish task in another location, about the order of task completion, using alternate supplies to complete the task or for a different type of activity that accomplishes the same instructional objective.</td>
</tr>
<tr>
<td>Conference</td>
<td>Describe the problem. Describe the alternative behavior. Tell why the alternative is better. Practice. Provide feedback.</td>
</tr>
</tbody>
</table>

Specific student conference procedures:
1. Positive, private, using quiet voice
2. Describe the problem
3. Describe the alternative (what the student should do instead)
4. Tell why alternative is better
5. Practice (student should tell and/or show)
6. Provide feedback

Part of these guidelines was adapted from: Center for PBS, College of Education, University of Missouri, Missouri Schoolwide Positive Behavior Support (MO SW-PBS)

Active Supervision is a monitoring procedure that uses three components: moving, scanning and interacting frequently.

**Moving Effectively**

- Constant
- Make presence known and obvious
- Proximity to all students
- More frequent proximity to students requiring extra support
- Randomized
- Targets Problem Areas

**Scanning Effectively**

- All students observed on a regular basis
- Make eye contact with students in more distant locations of the room
- Look and listen for signs of a problem

**Interacting Frequently**

- Positive contacts
- Friendly, helpful, open demeanor
- Proactive, noncontingent
- High rate of delivery
- Positive reinforcement
- Immediate and contingent on behavior
- Delivered at high rates and consistently
